03-12-2013 14:28:28	Door 1		Door Locked
03-12-2013 14:28:28	System		Record Video 
03-12-2013 14:28:28	Door 1		Door Open
03-12-2013 14:28:25	Door 1		Door Unlocked
03-12-2013 14:28:25	Door 1		REX In

Run a report or view event with video

3. RMC is released and is available with “LTG” License-To-Go option. Registration is required in order to provide functionality. This option allows the user to have remote log onto the e3 system and view video without the requirement to open any firewall settings. custom patch file is required to link the e3 system to the user account on the RMC server.

Hardware enhancements

With an updated design to the main control board the hardware now provides

1. Larger screw-down terminals
2. Labeling on the removable terminal strips enables easier wiring prior to plugging into the board
3. Enhanced transient protection
4. Reader LED control
5. Reader Sounder control
