SSW-iLM™
Aluminum Finish
Mullion Keypad

Part # SSW-iLM-AL

SSW-iLM™
Bronze Finish
Mullion Keypad

Part # SSW-iLM-BZ

SSW-iLM keypads can be used with all IEI Secured Series products or any 26-bit Wiegand access control panel. These keypads are elegantly designed, with backlit keys suitable for indoor and outdoor applications. Each keypad demonstrates superior durability in any environment. The SSW-iLM keypads mount directly to mullion doorframes or any flat surface. No backbox required. In addition, for convenient installation the SSW-iLM keypads feature a separate doorbell key and relay. Durability, ease-of-installation, and attractive design make the SSW-iLM a solid addition to IEI's unmatched array of keypads and front ends.
